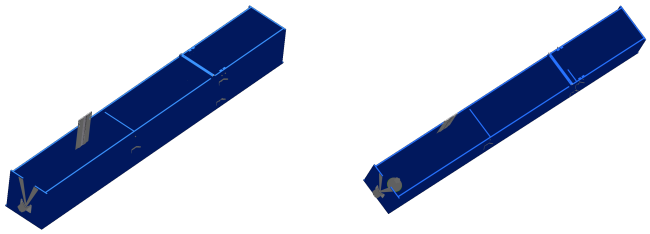
leakage water basin 30°

RICHTER
Deformationsmesstechnik GmbH



Measurement method
Water level and water pressure

Order number
503716_101_14

Title / label
leakage water basin 30°

Usage
for measuring quantities of water (contaminated) in open channels

Description
box 2000x250x250mm PP black (8 mm); with stainless steel V-notch weir 30°, 150mm stroke, cleaning opening DN100 down for complete emptying

Spare part
no

Technische Daten

Width / diameter [m]	0.25	Measurement range [mm]	150
Height / depth [m]	0.25	Precision [mm]	1
Length [m]	2	Resolution [mm]	1
Quantity unit	piece		

Measurement technology for structural monitoring
